ACTIVITY REPORT 2023-2024

Fiscal year from April 1st, 2023 to March 31st, 2024

MESSAGE FROM THE PRESIDENT

Dear Donors and Partners of the Foundation,

Over the last year, we continued to address the growing needs of our community. We funded the purchase of crucial equipment for our facilities and enhanced the services provided to our users. Thanks to you, we have been able to make a real difference in the quality of care.

We sincerely thank you for your generosity and commitment. Together, we continue to strengthen our on-the-ground efforts and improve the services offered at our local hospital.

Sincerely,

Carl Couture, President of AHF

OUR ACHIEVEMENTS

BARIATRIC SURGERIES

In February 2023, we launched a fundraising campaign to support one-day bariatric surgeries at our Lachute operating room. Surgeries officially began in June 2023. Consequently, patients waiting for a vertical gastrectomy can now get the surgery either in St-Jérôme or Lachute thus reducing waiting times. This \$222,000 campaign was officially completed at the beginning of 2024, thanks to a special bequest offered to the Foundation. The hospital anticipates performing 30 surgeries annually.

EQUIPMENT FOR CHSLDs

We acquired new vertical lifts and wheelchairs for our residents with reduced mobility at various times throughout the year for a total amount of \$40,000. We also contributed \$2,268 towards activities for the residents.

NEUROPSY PROJECT

We invested \$26,688 in our Neuropsychology project which provides annual neuropsychological evaluations for the youth in the MRC d'Argenteuil who need them. This project has been in place since 2019 and makes a real difference in the lives of families in our area.

TOYS FOR THE EMERGENCY ROOM

Once again, we purchased toys for the children waiting in the emergency room. We also give them our Dr. Bistouri activity books funded by the CMSSS d'Argenteuil User Committee. A few years ago, Ms. Sylvie Tardif, a night nurse assistant, came up with the idea of distributing toys a few years ago, and we have been doing so since 2021.
